Dear Valued Policyholder,

Thank you for placing your child care business with us!

USLI and your agent are committed to helping you identify potential risks in your child care setting to make your environment safer for children. In many cases, injuries to children often result in claims and judgments that are costly and may ultimately affect your insurance premium. In many cases, these claims can be lessened or prevented entirely by addressing the most common causes of such losses listed below.

Most Common Causes

- ▶ Fingers caught in door jams
- ▶ Broken bones caused by injury
- ▶ Burn injuries caused by failure to block off kitchen area

The attached checklist is a tool to help you take an inventory of your operations and possible hazards. By completing the checklist, you are taking the first step in recognizing improvement areas.

We are here to help! Contact us today if you have any questions about what you find.

“An ounce of prevention is worth a pound of cure.”
—Benjamin Franklin

A handwritten signature in black ink that reads 'Thomas P. Nerney'. The signature is written in a cursive, flowing style.
